Turnkey new building according to DGNB principles

The office spaces are primarily designed as open-plan offices, with individual meeting rooms and think tanks transparently integrated into them through glass partitions. The building services for the office space are connected horizontally through cavity floors and in the coffered ceilings of the corridors. They are used to provide the power supply for an efficient ventilation system as well as for heating and cooling ceiling sails. A challenging project, which we have embraced with passion.

Construction output in figures:

54,585 m ³	Gross cubic capacity
14,753 m ²	Gross floor area
49	Underground parking spaces

Impressions

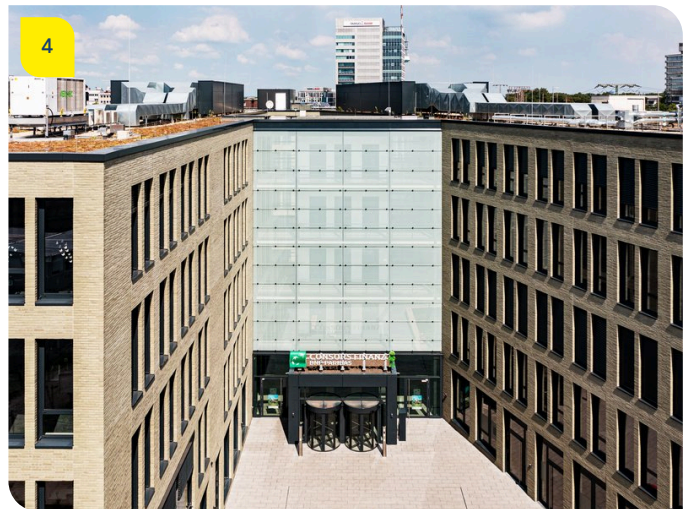

Image notes

1

Duisburg Central Office (DCO)

The DCO has a rental area of around 11,400 square metres and extends over five floors.

3

Duisburg Central Office (DCO)

The DCO was awarded the DGNB's Gold sustainability certificate.

2

Duisburg Central Office (DCO)

Südlich des Duisburger Bahnhofs entstand das DCO, ein Bürogebäude mit dem Fokus auf Nachhaltigkeit.

4

Duisburg Central Office (DCO)

The entrance area is characterised by a generous glass construction.
