A school as interactive space

The assembly hall is the main meeting space and seats 148 people. The state-of-the-art gym is built to accommodate 220 people and offers plenty of space for various activities. The modern canteen with a cook-and-serve kitchen caters for 166 pupils.

Growing together. In addition to the diverse buildings, large outdoor facilities were also created with a variety of community spaces. These include recreational areas and green spaces for leisure activities as well as roads and car parks. The sports facilities, for example the basketball court or the multi-purpose sports field with running tracks, offer plenty of space for activities. The DSBU is already considering expanding the campus even further due to high demand.
