All aboard.

This project's major challenges were compliance with all Natura 2000 regulations and the installation of radiation detectors as well as a train disinfection station.

Impressions

Image notes

1

Harmanli-Svilengrad railway line.

A total of 38 km of open railway route were newly built.

2

Harmanli-Svilengrad railway line.

The stops and railway stations along the newly built route were also modernised and partially newly erected.

3

Harmanli-Svilengrad railway line.

The newly built railway route leads from Harmanli to the Schengen border station in Svilengrad.
