# Optimum rockfall protection.

## Impressions

## Image notes

1

Rock fall gallery under construction.

Around 200m of roadway and platforms were protected from rockfall by protective walls and an arched roof.

3

Uninterrupted travel ahead.

After the 20-month construction period, the rock fall gallery was able to be approved for traffic.

2

Uninterrupted travel throughout the construction period.

Throughout the entire construction period, traffic conditions were maintained across all four lanes of the N2.
