Type	Healthcare facilities
Runtime	03.2012 - 12.2012
Principal	VAMED Standortentwicklung und Engineering GmbH & CO KG

[Project report online](#)

www.porr-group.com

A rehabilitation clinic with ultra-modern facilities.

This clinic predominately provides orthopaedic treatments and rehabilitation care over and above the standard provisions of health insurance. Therefore the expansion was implemented with an emphasis on solid, modern facilities. Each patient is provided with an individual information system including television, internet connection and satellite reception. An online video rental service is also available.

Impressions

Image notes

1

A new extension for Malvazinky.

Addition of a new building wing for successful treatment in the orthopaedic sector.

3

New building wing with consulting rooms and patient rooms.

Technical rooms and therapeutic treatments halls are located on the basement floor.

5

Room with plenty of daylight.

The patient rooms of the new wing are fitted out to the highest standards.

2

Spacious facilities.

The clinic contains modern consulting facilities as well as patient rooms.

4

Patient-friendly design.

The light and contemporary room fittings create a patient-friendly atmosphere.

6

A comfortable two-bed room.

Rooms provide patients with an individual information system including television, internet connection, satellite reception and paid online video rental.

7

A comfortable ambience.

The waiting area is equipped with comfortable seating.

9

A stylish combination of old and new.

The architecture successfully incorporates existing features with the extension.

8

Solid expansion.

The new rooms can be directly accessed from the hospital area.
