New look for ÖAMTC Dornbirn: Stylish exterior surfaces or Modern and functional: new exterior surfaces for ÖAMTC Dornbirn

Maximum power for electric cars

We have built a state-of-the-art charging park for the charging stations of Vorarlberger Kraftwerke (VKW) - including a transformer station, which provides a reliable supply of energy. Granite kerbs set clear boundaries, while freshly asphalted traffic areas enable safe and convenient use.

Impressions

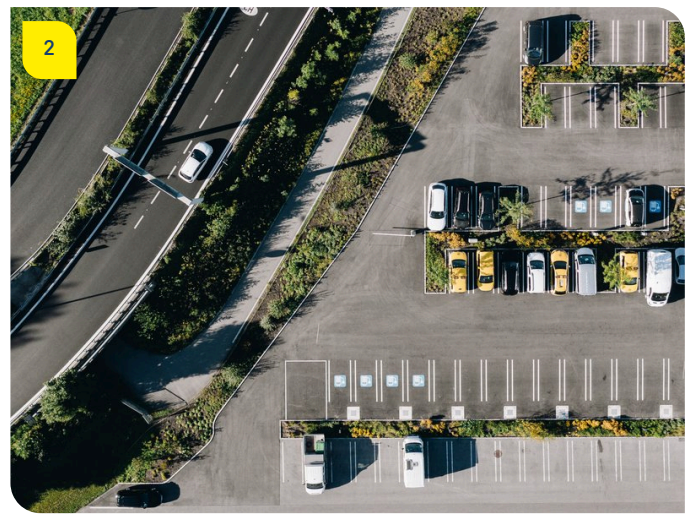

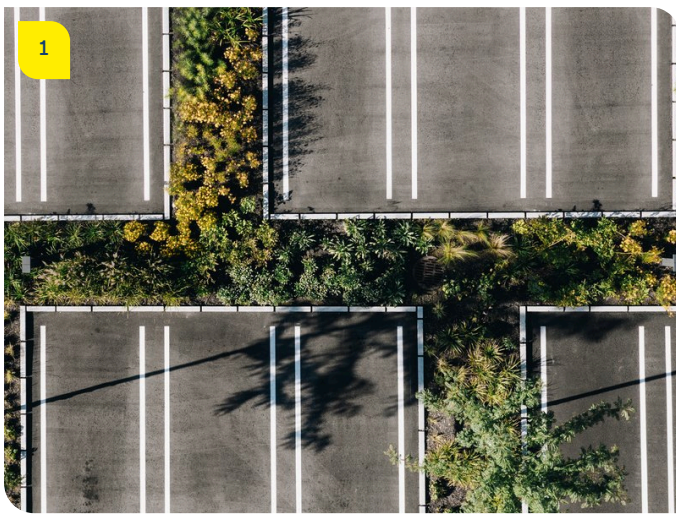

Image notes

1

A bird's eye view.

The central island of the car park with greenery and clearly arranged parking spaces

2

Everything at a glance.

Overall view of the newly constructed car park

3

Green spots.

Granite edging stones with sophisticated drainage joints surround the flowered areas.

4

Close-up.

Front view of three parking spaces including trees and landscaped area.
