

Office building Schader

Data and facts

Company

Type Office buildings

Runtime 08.2020 - 10.2022

Principal Zurich Insurance Company Ltd

[Project report online](#)

www.porr-group.com

Revitalisation of a listed building.

In course of the facade renovation, all sheet-metal cladding of the listed aluminium facade was dismantled, cleaned of pollutants, and stored on site before the demolition work began. In the course of the facade installation, the sheets were reassembled in the same place by the PORR subsidiary Alu Sommer Suisse AG. The windows were modernised to meet today's requirements.

The building will be certified to LEED Gold (LEEDv4 Core & Shell) and Minergie (Standard).

Impressions

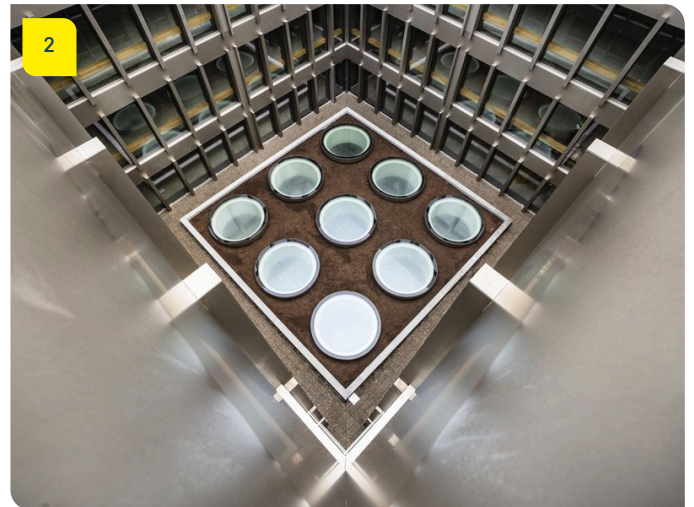

Image notes

1

Modern architecture.

Contemporary work areas were created behind the renovated facade, which is a listed element of the building.

3

Workspace in prominent location.

The upper floors contain mostly office space.

2

Above the atrium.

A new ceiling was created above the first floor for the atrium.
