[Project report online](#)

www.porr-group.com

All-inclusive road rehabilitation.

Also included were green spaces, new pavements, the installation of level crossings, side roads, gateways to private property, new guardrails, reconstruction of drainage ditches, parking areas and bus stations, and environmental and hydro-engineering works.

Over the course of three years, PORR showed its broad know-how in this versatile road construction project. In October 2015 the rehabilitation works were completed.

Impressions

Image notes

1

Intelligent building must be versatile.

One of PORR's major strengths is its enormous scope of services, offering the customer all the construction works from a single source.

Do you have questions about the project or would you like to learn more? Feel free to contact us for further information.
