| Principal | Theater in der Josefstadt Betriebsgesellschaft m.b.H. |

[Project report online](#)

www.porr-group.com

Cutting-edge technology in venerable theatre.

The auditorium of the theatre, along with its foyers, wardrobes, chandelier system and stage, was completely revamped and optimised for the actors and the audience. The restoration of the heritage-protected facade was carried out in close cooperation with the National Heritage Agency.

After a construction period of just four months, the extensively overhauled theatre was handed over on schedule on 20 October 2007 to the actors, the public and a satisfied client.

Impressions
