[Project report online](#)

www.porr-group.com

Vienna's biggest turnkey construction pit

construction pit ready for use and complete all the deep foundation work. PORR's tasks included extensive diaphragm wall construction, jet grouting and installing bored piles at depths of up to 40m, along with excavating and disposing of approximately 100,000m³ of soil. All the work was carried out under the lead of the Specialist civil engineering department by various PORR departments and subsidiaries.
