# Traffic relief and accessibility.

The contract of PORR SUISSE AG includes the following constructions:

- Bridge over the river Schächen (construction only possible in winter when the water level is low)
- About 380 meters of road construction from the bridge in the direction of Schattdorf
- Emergency access from traffic circle East to RUAG industrial park
- Flood protection measures (adaptation of the secondary dam with flood culvert under the new stretch of road)

## Impressions

## Image notes

1

Emergency access road to RUAG.

The WOV begins at the Wysshus traffic circle East and runs through the RUAG industrial park.

2

Flood protection.

Completed Schächenmatt culvert.
